

Texas Caucus of Black School Board Members

The Texas Caucus of Black School Board Members (TCBSBM) continues to strive to improve Texas public education through its partnerships, advocacy, and education initiatives. During the last couple of years, we have significantly enhanced our reputation and impact across the State. Our Corporate and Organization sponsors have been a huge contributor to our success through financial support and general partnerships. In order to continue to elevate this support, we have created our first overall Sponsorship/Donation Level guide, which we have attached for your information. This guide will allow you to know in advance the type of activities that you can support and the recognition that we will provide.

As background information, TCBSBM is a 501 (C) (3) non-profit organization that speaks on behalf of quality education for all children in the state of Texas. We promote better relationships and understanding between African American school board members, their local communities and local school boards, the Texas Association of School Boards; and the National School Boards Association. With active members from across the State of Texas, TCBSBM is the premier professional society for African American school board members, educators, and our partners.
